Re: Recommendation for David Bull

Dear Madame or Sir,

It has been my pleasure to have had the opportunity to work with David over the past twelve years. In that time I have grown to respect his leadership abilities as the Director of Head Start and his commitment to being an active member of our community.

In my position as a UniServ Director with the Michigan Education Association, I currently represent many of David's union employees. Whether sitting at the table during negotiations or working on day to day issues, I have always found him to be organized, having the ability to approach issues in a systematic way and always managing his time effectively. His strength is having the ability to cooperatively develop a strategic plan that works for both his employees and the families that he represents.

Not only has David demonstrated the character and work ethic that has made him an outstanding Director of Head Start, he has taken the same commitment to his service within the community. It has been my involvement with him through our Rotary projects that gives me the confidence to say; that he will be an asset to any employer and a positive contributor to the Community in which he lives.

Sincerely,

Jim Berryman
MEA UniServ Director
Former State Senator
